- Data Technician Apprenticeship: JustIT
- Skills Bootcamp in Analysing Data: Babington
- freeCodeCamp: Responsive Web Design Certificate
- CompTIA: A+ and Project+
- Microsoft Power BI Desktop for Business Intelligence: Udemy

PROFESSIONAL EXPERIENCE

2024 Freelance tutoring, web development, and analysis

Provided tutoring in Python and data analysis, helping students master machine learning fundamentals. Developed web applications using HTML, CSS, and JavaScript, improving client online visibility. Conducted ad-hoc data analysis projects using SQL and Tableau, delivering actionable insights.

2021 InSite Analyst & Consultant, CACI Ltd

Delivered comprehensive client support and conducted in-depth data analysis for GIS-based projects using proprietary InSite Software. Utilized SQL and advanced database management techniques to analyze and manipulate geographic and demographic datasets. Developed and maintained interactive dashboards using Tableau and Power BI, streamlining data visualization for clients. Designed and led weekly two-day training sessions, enhancing client proficiency in InSite Software and in-house data products. Fostered strong client relationships through exceptional communication, training, and tailored support, ensuring high customer satisfaction.

2019 Personal Trainer

Developed personalized diet & workout regimes for clients. Focused on goal setting, client education, & long-term satisfaction.

2013 Career in Hospitality

Roles: Assistant Manager, Events Manager, Barman, Chef. Excelled in customer service, client management, staff development, and motivation.
